Introducing the New Site Transfer Feature

Improved navigation and usability for easy and accurate inventory management

Request
Inventory Transfers

Implement
Approval Cycles

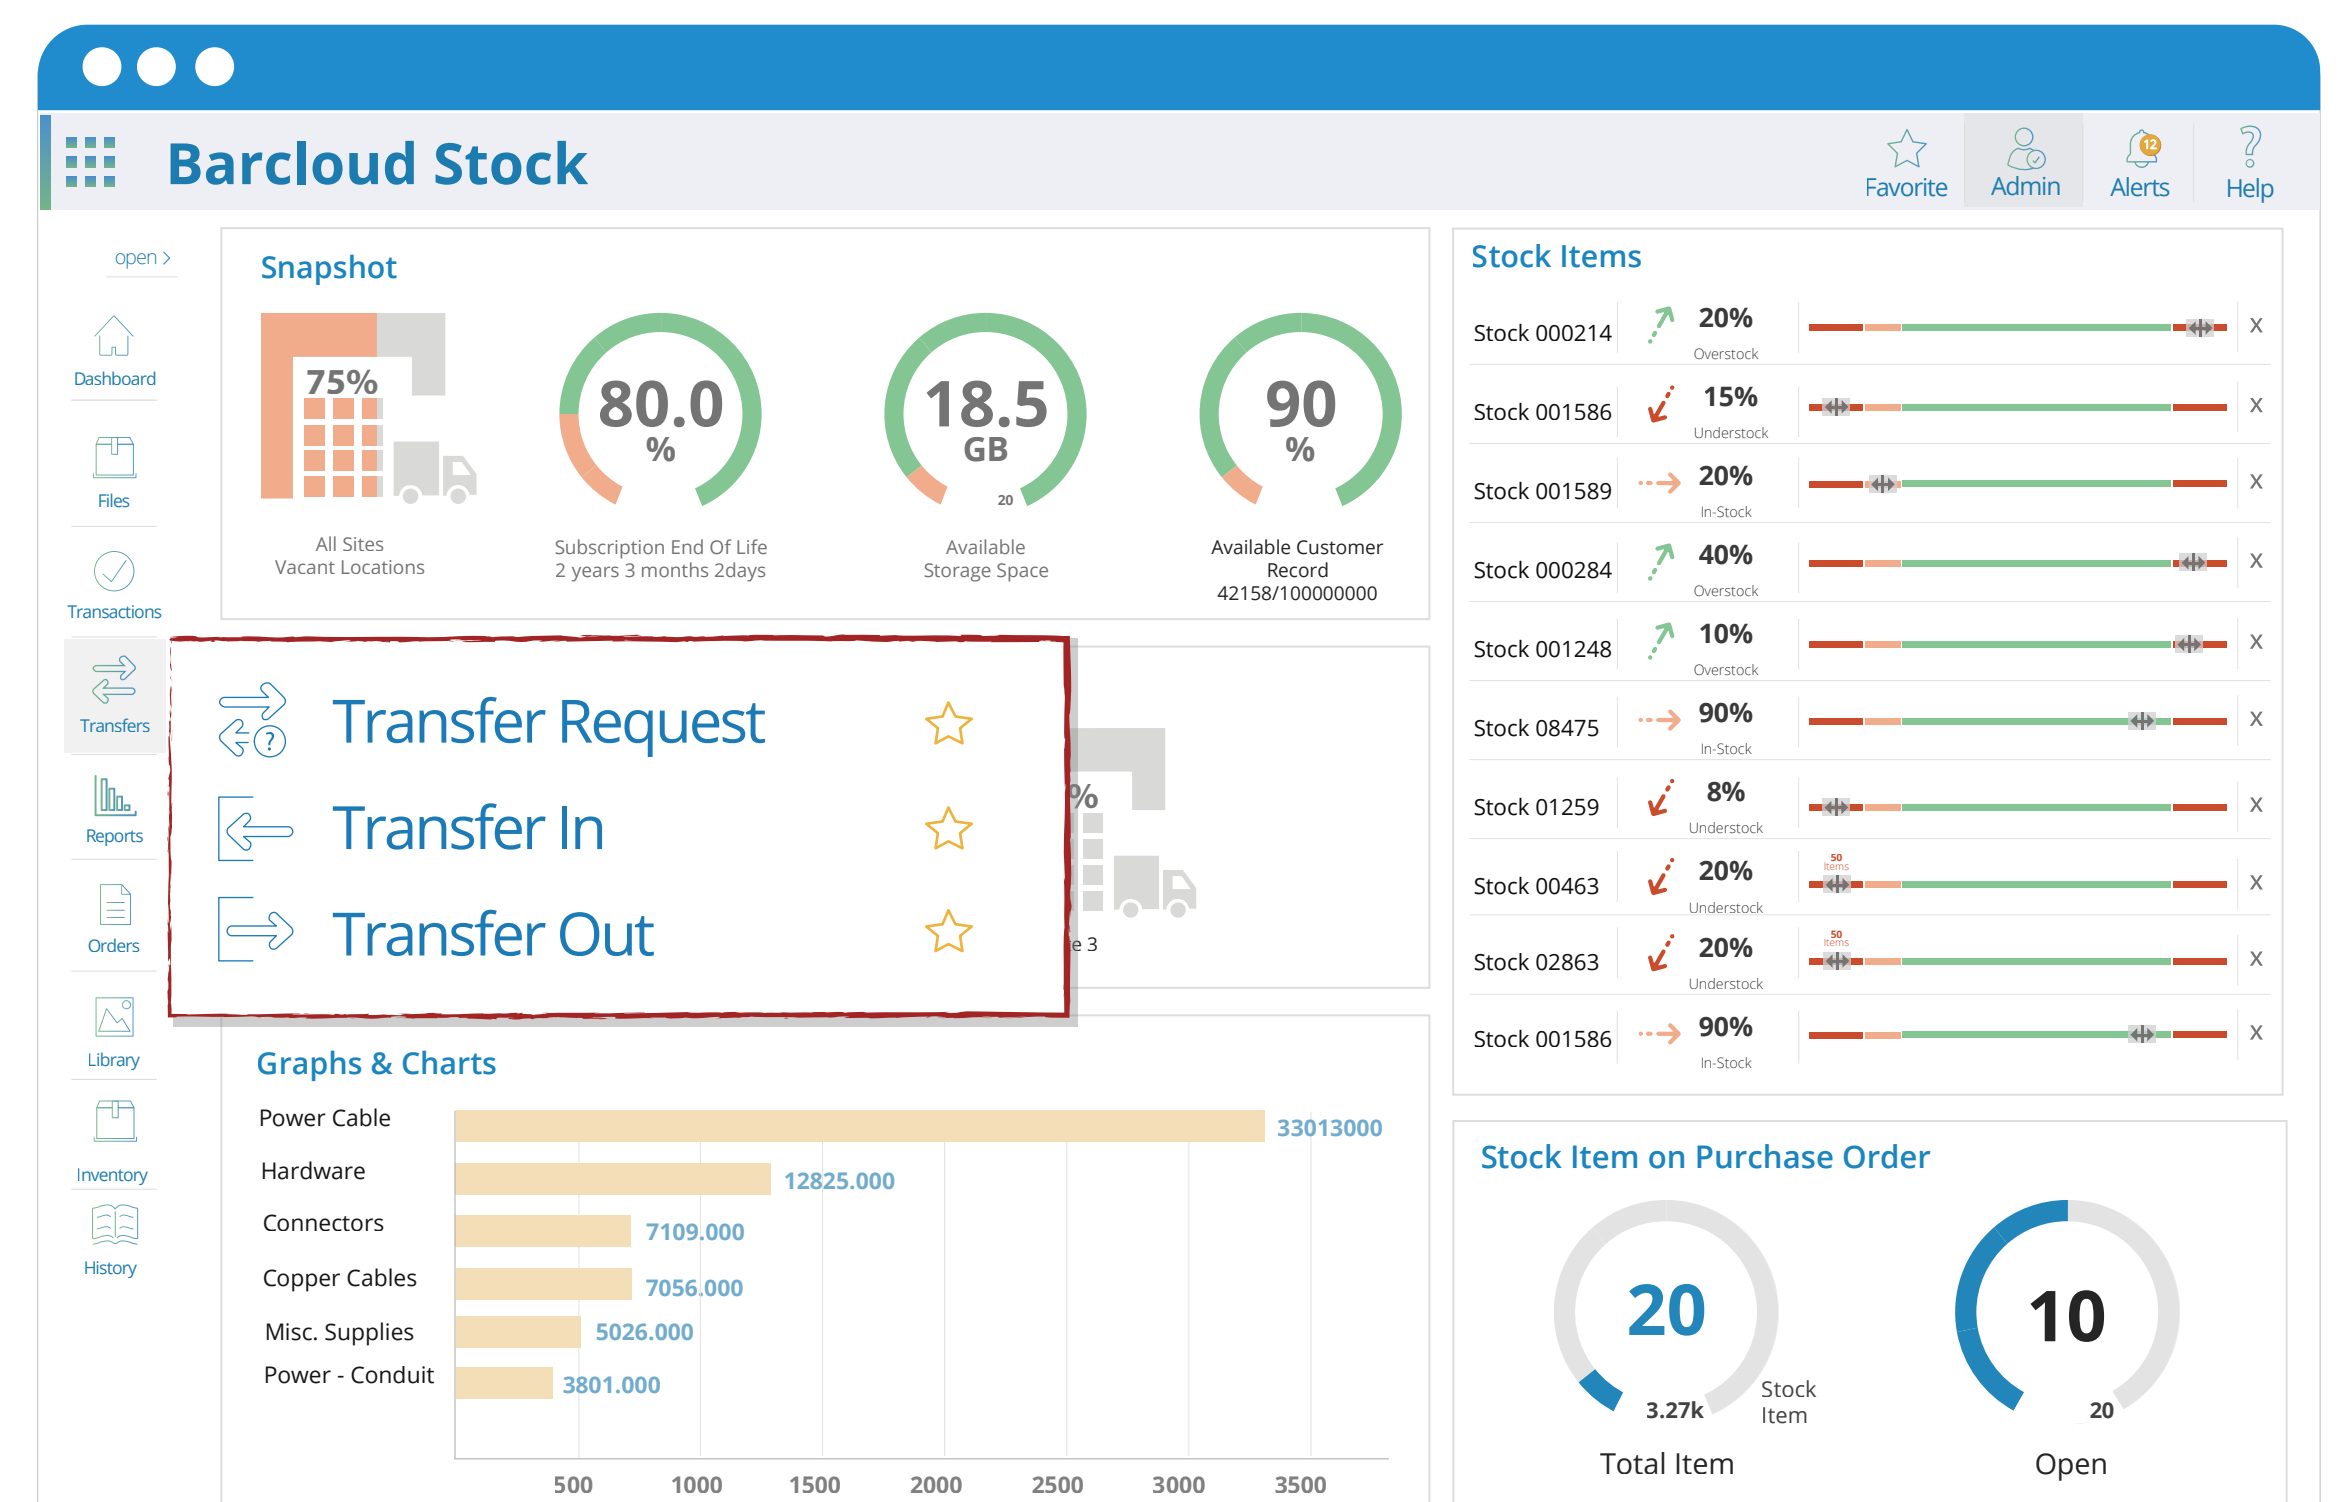

Simplify the receive
inventory process

You can now directly transfer inventory between your warehouse or multiple sites!

The Site Transfer Feature helps streamline your operations efficiently with

- 1 Better visibility on stock levels and trends
- 2 Automated inventory data entry
- 3 Minimized errors in day-to-day tasks
- 4 Reduced time spent on administrative tasks
- 5 Advanced analytics on historical data
