BarCloud ⟨⟨ ⟩⟩ **Office 365**

asap SYSTEMS

Introducing The New Single Sign-On (SSO) Integration with Office 365 Active Directory

Reduced credentials-related issues cut down IT Helpdesk tickets

Save time spent on troubleshooting passwords

Manage access privileges easily from Office 365 interface

Simplified Access To Your Systems

BarCloud is just one click away when you sign into your workspace

Open everything you need with just one password

Improved security on your Inventory System and Asset Tracking Solutions

---

Improved user experience when it comes to getting what you want from your Inventory System and Asset Management Solutions

The SAML-based Office 365 SSO Interface Helped

1. Streamline the BarCloud log in experience with seamless transitions across interfaces
2. Provide a more secure and convenient sign-on platform
3. Enforce better password policies with regular update schedules set in place
4. Eliminate password fatigue
5. Make managing access easier with only one account and login point needed
